

Funding Possibilities for Starter Scholarship Holders

Instructor: **Dr. Marion Hacke**, TraC

Time: **Individual Consultation Meetings**: Duration approx.. 1 hour.

Please send a mail to marion.hacke@uni-bamberg.de in order to register yourself for an individual consultation during the period of Monday, **01.10.2018 to 19.10.2018**.

Place: An der Weberei 5, room **04.112**

Description

This individual meeting with Marion Hacke is highly recommended for PHD students in their first year and especially for regular members that are holding a **Starter Scholarship**. The spoken language of the meeting is German and focuses on the German funding landscape! After consultation with Marion Hacke it also can be done in English. even though German is recommended.

The meeting covers every step of fundraising, starting from initial consideration of possible scholarship bodies, an overview of the funding landscape, how to approach funders to the actual funding application. You also have the possibility to send Marion Hacke a first application plan, ideas and questions before the meeting in order to make your consultation more productive!
