

Otto-Friedrich-Universität Bamberg

Introductory Days @ WIAI

Master's Degree, English
Winter term 2026/27

Degree-Introduction

Knowledge of the legal basis of the degree programme, deadlines and the various module groups

Continue with: general information about exams, university and university-life as well as **timetable creation**

Short Break :)

We **upload** this presentation to the EET-VC course.
So you don't necessarily have to take notes :)

A lot of information from this presentation and much more
can be found on the **EET-Website**, for reading the detailed
information again afterwards.

Foobar-Tip:

Use the break to talk. The students to your left and right will
certainly want to meet new people, too!

erstellt mit DALL-E 3

Examinations

Grading

✓ 1,0 / 1,3 / 1,7 / ... / 4,0

✗ At 5.0 you have failed

Second attempt

Failed exams can be repeated **as often as desired** until the maximum duration of study is reached.

Registration deadlines for examinations are **binding** (same for de-registration).

Examinations

Compulsory registration? There is **no** compulsory registration for (failed) exams.
→ register yourself!

Improvement? Passed exams **cannot** be repeated.

Illness in case of illness, a **medical certificate must be submitted** to the examination office, otherwise the exam is considered a **failed attempt**.

General deadlines and dates

Re-registration

Each semester, the **semester fee (123.22€)** must be transferred for re-registration for the next semester.

deadline summer 2027:

11.01.2027 – 29.01.2027

Semester fee

Studentenwerk fees & Semester public transport pass for bus and train in the district of Bamberg (with student ID)

General deadlines and dates

University Sports

the bookings usually take place **before the start of the semester** and many sports are full **very quickly**.

for winter 2026:
from 01.10.26, 11am

Course Registration

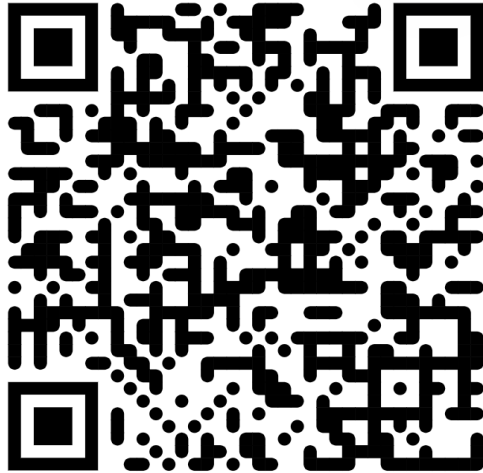

for some courses, especially language courses, a **speedy** registration is expected.

What's next?

Details can be found on our Website or on Social Media.

Timetable-creation

University events and timetable creation

General Examination Regulations („allgemeine Prüfungsordnung“)

- Examination regulations for the entire faculty WIAI
- Basic framework conditions of the study programme

Study and Examination Regulations („Studien- und Fachprüfungsordnung“)

- Course-specific regulations such as duration of study, stay abroad, modules to be taken and learning objectives

Module Handbook („Modulhandbuch“)

- Exact breakdown of the modules to be taken
- Most frequently needed to plan your studies

Typical types of events

Lecture

- Biggest event
- Mostly with the Professor himself
- Teaching the theory

Exercise

- Applying the theory from the lecture
- Often in smaller groups
- New, more practical content also possible

Tutorial

- No new content
- Student tutor answers questions and you work on additional exercises

University events and timetable creation

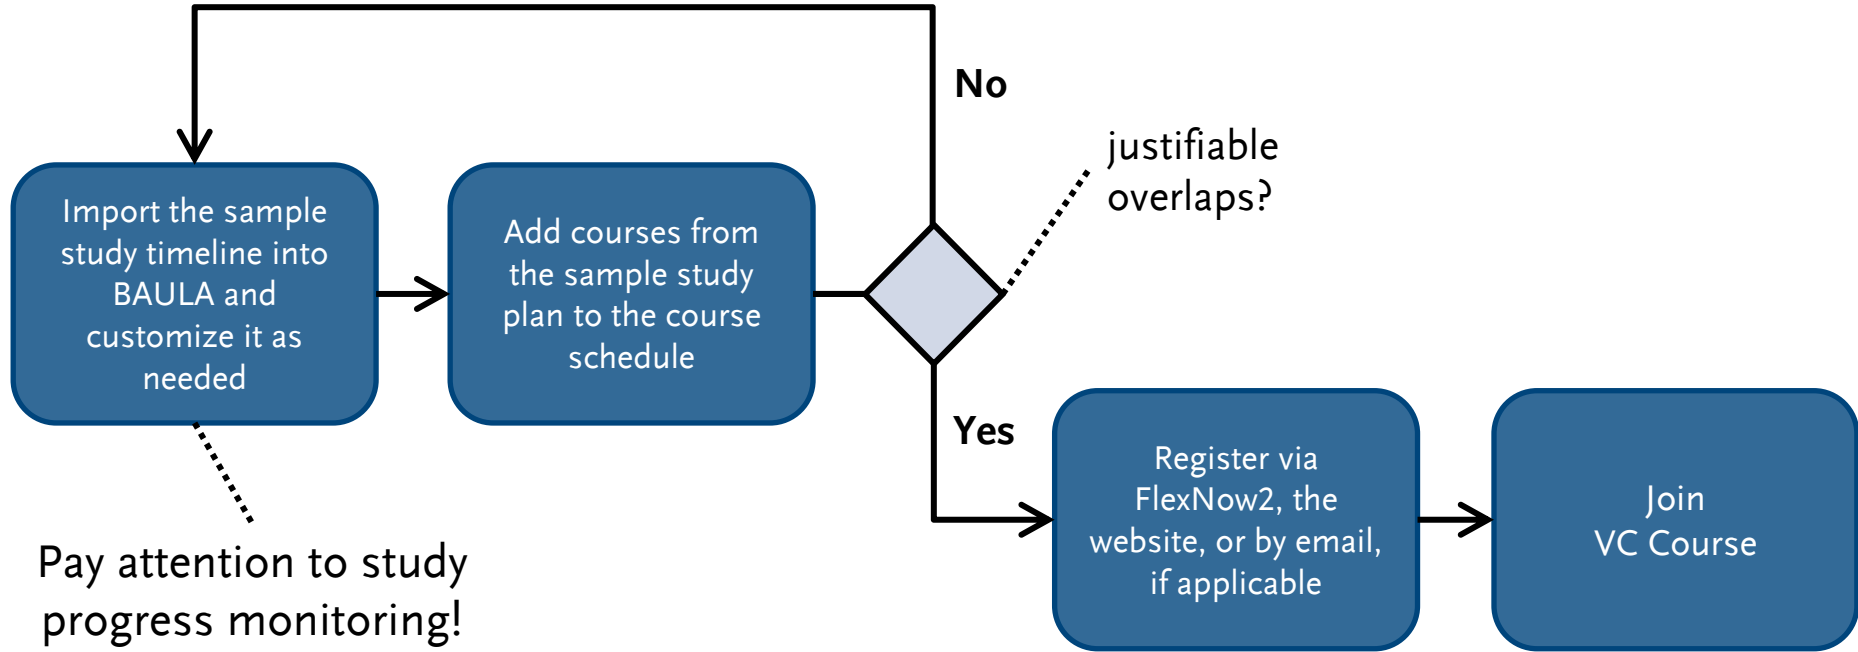

At the university you are **not given any timetables**, you can choose your own module.

For orientation, you will find **sample timetables** for this semester in the freshman brochures for many degrees.

Caution: Events usually take place "c.t.". "14 o'clock" means, for example, that the start is at 14:15. (Opposite: "s.t.": 2 pm = 2:00 pm)

Timetable Creation – Import a Sample Course Plan

The screenshot shows a web interface for 'Baula' with a dark blue header containing navigation links: 'Dashboard', 'Module', 'Stundenplan', 'Studienverlaufsplan', 'Personalisierung', and a 'BETA' badge. A central white dialog box titled 'Musterstudienplan importieren' contains the following text: 'Ein Musterstudienverlaufsplan gilt nur als Orientierung und kann nicht deine individuellen Interessen abdecken. Bitte informiere dich abseits dieses Musters über die vielfältigen Möglichkeiten deines Studiengangs.' Below this is a light blue box with a document icon and the text: 'Dein Musterstudienverlaufsplan ist bereit. Musterplan B. Sc. Wirtschaftsinformatik (WS25/26)'. At the bottom of the dialog are two buttons: 'Überspringen' and 'Importieren'. A chat icon is visible in the bottom left corner of the interface.

Versuche nun (mit Hilfe der Tutor:innen), die im vorherigen Schritt hinzugefügten Dopplungen bei Übungen und Tutorien zu entfernen. Falls einem Modul mehrere Vorlesungen zugeordnet sind, solltest du alle belegen (z.B. Wirtschaftsmathe oder Diskrete Modellierung). Solltest du größere Überschneidungen nicht vermeiden können, musst du deine Modulwahl leider anpassen.

Timetable Creation – Registration Options

No registration required.

- Registration is not required for most modules.
- In this case, registration is not required until you register for the exam.

Register via the Chair's website.

- In this case, a registration form is provided on the module's page. After registration, the password for the VC course is usually sent immediately.

Register by email.

- The specific content to be sent by email is usually listed in the module description. The password for the VC course will then be sent within a few days.

Register via FlexNow.

- FlexNow is a tool for registering for exams and courses, as well as for managing your academic record to date.

As a general rule: If the VC course is freely accessible (i.e., enrollment is possible without a password), registration for the module is not required in the vast majority of cases.
