Master's degree programme in Professional Education
– Social Education specialisation

STUDYING IN THE WORLD HERITAGE CITY

Bamberg is a small, yet energetic university city with a sense of its history and a vibrant cultural life. Getting around in the picturesque Old Town – which was added to the UNESCO World Heritage register in 1993 – is easy for the circa 12.500 students, and the quality of life is enhanced by the intimate nature of the city.

Students always find an open ear for questions or problems, as the regular student evaluation shows. The results of various rankings also show that students are satisfied with their studies and the majority would choose Bamberg again as a place to study.

When will you join us? We are looking forward to it!

FACULTIES

- Humanities
- Social Sciences, Economics and Business Administration
- Human Sciences and Education
- Information Systems and Applied Computer Science

Important for an application for all study programmes (undergraduate and graduate):

For enrolment and successful studies in programmes taught in German, you need knowledge of German at least at level B2 of the Common European Framework of Reference for Languages (CEFR). If you have any questions concerning your intended study programme, please contact the department responsible for your application.

Please clarify with the local German authorities (e.g. German embassies or consulates) as to the entry and residency requirements specific to your citizenship.
