Please also note the end date of the course registration!

***Pool-Anmeldeverfahren / Pool Registration:**

Wirtschaftsenglisch / Business English:

Bitte informieren Sie sich über das Prozedere der Kursanmeldung direkt auf den Seiten der [Abteilung Wirtschaftsenglisch](#).

Please inform yourself about the deadlines and the registration procedure for these courses directly on the pages of the [Business English Department](#).

Englisch Grundkurse I, II und III (für Studierende der Anglistik / for students of Anglistik):

Informationen zu den besonderen Anmelde-Modalitäten der Anglistik-Grundkurse finden Sie auf der folgenden Seite.

Information on the special registration modalities for the ‚Anglistik-Grundkurse‘ can be found on the following page.

Pool Registration for the *Grundkurse* (for students of *Anglistik* only!)

Sign up for the *Grundkurse* (*Grundkurs I* / *Grundkurs II* / *Grundkurs III*) when the course registration opens. You should look at the Sprachenzentrum homepage for up-to-date information on the exact dates for registration!

To ensure an even distribution between the classes, we will be using the "pool" registration method that we have used for *Grundkurs* registration for several semesters now.

Selecting classes

Grundkurs I = select **THREE** time slots in which you are potentially able to attend a class.

Please note: in the case of unequal distribution, you may be asked to move to a different section.

Grundkurs II = select **TWO** time slots in which you are potentially able to attend a class

Please note: in the case of unequal distribution, you may be asked to move to a different section.

Grundkurs III = select **THREE** time slots in which you are potentially able to attend a class.

Please note: in the case of unequal distribution, you may be asked to move to a different section.

Please make sure that you can attend at any of the times you choose as we cannot take individual preferences or circumstances into account! It is therefore imperative that you organise your timetable with your other subject(s) in good time so that clashes are avoided.

If you are assigned to a class that clashes with some other course, you will then need to decide which of those classes you take as it will not be possible to switch classes after the registration closes (on **6 October 2025** for *Grundkurs II* and **7 October 2025** for *Grundkurs III*; on **14 October 2025** for *Grundkurs I*)!

You should receive a FlexNow email to confirm that you are registered for the options you choose and then a further mail (on **7 October** for *Grundkurs II* and **8 October** for *Grundkurs III* and on **15 October** for *Grundkurs I*) to inform you about the class you have been assigned to.

Please make sure that you attend your assigned class session in the first week of term (for *Grundkurs II* and *Grundkurs III* from **13 October** onwards) or in the second week of term (from **20 October** for *Grundkurs I*) to "claim your place" and find out important information about the class!
