Sources: UNSC-TDS; Talmon 2003; Johansson 2009; Highlights of Security Council Practice 2011; *ibid.*, 2012; Foreign & Commonwealth Office 2013, "Vetoed Draft Resolutions in the United Nations Security Council 1946-2012".

Notes: See codebook of UNSC-TDS. The coding of chapter VII resolutions follows Johansson 2003. The UNSC-TDS data on PRST is only reliably comparable with the overall data on PRST since 1996 and the overall data on SC (PPST) exists only since 2001 (cf. Talmon 2003, Highlights 2011). There is no detailed overall data on nondecisions, except for vetoed drafts. The given count of vetoed drafts follows a method used by practitioners, except it omits three identified as "double vetoes" (26 Jun. 1946, 15 Sep 1947, 24 Apr. 1948, cf. FCO 2013: 11-63).
