

Dear colleagues,

As detailed in Frau Dr. Steuer-Flieser's email of 16 December 2021, the 3G rule (as opposed to the previous 3G plus rule) was reinstated for all employees wishing to enter university buildings beginning 15 December.

This means that employees without proof of vaccination or recovery may enter university buildings if they possess a valid proof of testing. A rapid test from one of the public testing centres (e.g. a free citizen's test) is sufficient.

In addition to the public testing services, we are also able to provide supervised testing from **Monday 20 December to Thursday 23 December in the city centre** (K20/22 02.08, Alter Senatsaal) **from 7:00 to 8:30 a.m.**

An appointment is required and can be made at <https://www.uni-bamberg.de/covid19/tests/>.

Please note that verification documents from these tests are only valid within the University of Bamberg and will not be accepted elsewhere.

Appointments for the period beginning 3 January 2022 can also be booked for the aforementioned times (i.e. Monday through Thursday from 7:00 to 8:30 a.m.).

Sincerely,

Andreas Crone
